Product Information

OPN-Start Up Spray

- **trouble-free engine start**
- **immediate effect**

Properties:

- facilitates engine start for internal combustion engines
- easy vehicle start during the winter months
- immediate effect due to low ignition temperature of the active substance
- even with low battery power ignition is usually possible

Application Range:

- at combustion engines

Application:

Our information are recommendations based on our experience. We accept no liability for any damage without tests concerning suitability for the specific application, without preliminary trials and if the products is misused. Approximately spray for 1 – 2 seconds into the air filter or air intake. Immediately after spraying start the engine and accelerate gasoline engines slightly. Diesel engines must be started without pre-heating and with full gas.

Only for professional use! Always observe safety data sheet before use.

Delivery information: Art.-No. 61055

Spray: 400 ml Content, Packing Unit: 12 Cans/Carton

Observe the information on the label and of the EC-safety data sheet!
