## **Product Information**

# OPN-Spray Grease with PTFE white

• high performance grease for long term lubrication

#### **Properties:**

- white high performance grease for long term greasing points
- very good, long lasting adhesion
- PTFE reduces friction and ensures emergency running properties
- high resistance against cold and warm water, many aggressive solvent vapors
- reliably protects against wear
- excellent long term corrosion protection
- water and temperature proof
- the white color of the grease facilitates the lubrication control, for example in the car maintenance

#### **Application Range:**

- high performance grease for long term greasing points in industry, car maintenance, craft etc
- use at parts of plastic, steel, precious steel etc.

#### **Application:**
