## ***Product Information***

### ***OPN-Neutral Cleaning Concentrate***

- ***Universal cleaner***
- ***Yellowish, viscous liquid***

#### **Properties:**

- Neutral cleaning concentrate
- Gently removes dirt and is degreasing
- Very productive, since highly concentrated, compared to conventional cleaners, it has three to four times the cleaning power.
- Contains no phosphates
- pH value (concentrate): 8
- Extra gentle on the skin

#### **Application Range:**

- Can be used with many materials, eg. Glass, tiles, plastic, metal, painted surfaces, etc.
- Can be used for machines, floors, bathrooms, showers, toilets, industrial companies, administrations, etc.
- Also suitable as a mild detergent.

#### **Application:**

Our information are recommendations based on our experience. We accept no liability for any damage without tests concerning suitability for the specific application, without preliminary trials and if the products is misused. Depending on the contamination, dose 5 - 10 ml per 5 l of water. For a consumption-reducing mixture, fill a bottle/canister 2/3 with water and then fill it up with Neutral Cleaner Concentrate and shake it well. Wipe off the surfaces or objects to be cleaned and allow them to dry. The water runs off from vertical surfaces easily and the cleaned surfaces dry with shine.

**Only for professional use! Always observe safety data sheet before use.**

#### **Ingredients:**

**Below 5% nonionic surfactants, 15 - 30% anionic surfactants**

#### **Delivery information:**

**Art.-No. 16105** Disposable Canister: 10 liters content

**Observe the information on the label and of the EC-safety data sheet!**

Our technical information has been compiled carefully to the best of our knowledge. Because of the many possible influences during processing and use of the products they do not relieve the processor of its own, conscientious exams! A legally binding assurance of certain properties or of the suitability for a particular purpose can not be derived from our information. Existing laws and regulations must be checked and observed from the processor of our products before use in his own responsibility.
